Miscellaneous

What do we pack?

Answer: There is no formal dress code in place during your cruise; however we recommend smart-casual attire for the evenings on board and comfortable active wear during your days of exploration. We recommend that you bring shorts, swimwear, T-shirts, collared and long sleeve shirts to avoid sunburn and a warm wind/rain protection jacket or windcheater in the event of cooler southerly breezes and/or a warm pullover and long pants. Evenings can be cool and we recommend clothing that can be easily layered. A good pair of hiking boots is recommended, along with some shoes that you don't mind getting wet, such as river walkers or aqua soles. Don't forget to bring a sun hat, sunglasses, sun block and all necessary toiletries.

What are river walkers/aqua soles and do we need to wear them?

Answer: River walkers/aqua soles or reef shoes are thick-soled mesh socks for wet landings (a wet landing is when you arrive to the shore by the Xplorer/Zodiac and may get your feet wet). Sturdy rubber sandals which are strapped around your ankles and toes are also suitable for this purpose.

Do you supply beach towels?

Answer: Yes, towels are provided should the opportunity arise for swimming or relaxing in Oceanic Discoverer's spa on the Sun Deck.

Are there laundry facilities onboard?

Answer: There is a limited laundry service onboard the vessels, although drip dry, wash and wear clothing is recommended. A small fee applies for the laundering of garments.

Do we need spending money onboard?

Answer: All purchases onboard will be charged to your room account, which must be settled with the purser prior to disembarking. Payment of your onboard account may be made by Cash, Credit Card or Australian Dollars Travellers Cheque.

Will my mobile telephone work? What communications are available?

Answer: Given the remote nature of the cruise, mobile telephone service will not always be available. Should the need arise to contact family and friends, guests may utilise the ship's satellite communications equipment (telephone and fax) at a set per minute rate. Oceanic Discoverer also features an internet booth which may be used to contact family and friends, again at a set per minute rate.

Should your family need to contact you during your cruise our Helpful Hints booklet supplied in your documentation will provide direct dialing contact telephone number for Oceanic Discoverer.

Passengers staying at central Auckland hotels will be dropped at their hotel or at the Discover New Zealand Travel Centre at 180 Quay St.

What will the weather be like on the cruise?

Will the weather/seas be rough?

Answer: Every effort is made to ensure that we travel at times and in areas where it will be most pleasant although this can not always be guaranteed. For the majority of your cruise, we will be cruising close to shore or coastline where waters are generally relatively calm.

What is the Xplorer and how does it work?

Answer: Oceanic Discoverer is equipped with an 'Xplorer' - a unique, specially designed aluminium excursion vessel used for the majority of our excursions. This vessel has high horsepower engines and will accommodate all passengers at one time. The 'Xplorer' will be used for landings and for extensive exploration of rivers and tributaries. For your added convenience and comfort, the 'Xplorer' is equipped with an awning and toilet. These excursion vessels sit on a hydraulic lift at the rear of the ship (Main Deck). Following boarding, the unique hydraulic lift gently lowers the excursion vessel into the water, negating the need to clamber aboard unstable tenders. The ship is also equipped with a fleet of inflatable Zodiacs which are also accessible by the hydraulic lift at the rear of the ship.

What is a wet landing?

Answer: Many shore excursions and activities aboard the excursion vessels require a 'wet landing', and this is part of our adventure. Your feet may get wet in this instance, therefore we recommend wearing aqua soles/river walkers or reef shoes/sandals for these excursions. Hiking boots or sturdy footwear may be carried separately and worn once dry land has been reached.

Is there an Elevator or Lift aboard the Ship?

Answer: Oceanic Discoverer does not have elevators to move between the various decks. The ship does feature internal and external staircases. When booking your cruise, if you do not wish to move around too much between decks we recommend booking your accommodation on the Main Deck as the dining room is located on these decks and they are also the main departure point for all of the activities and shore excursions utilising the 'Xplorer'.
